FE Assigned	Per Orest
Description	Tech Dispatch To Do WiFi Survey For Possible Meraki Upgrade
FE Enters Site	2019-11-04 10:00:00
FE Exits Site	2019-11-04 14:00:00
Logg	> Waiting for date > Date set to 20191104:1000 >After scanning the WiFi I´ve come to the conclution that this WLAN needs an upgrade !
Resolved	2019-11-04 14:00:00
Resolution	Upgrade from 12 APs of model AIR-LAP 1131 AG to Meraki and Add a patchpanel in the commsroom dedicated to the WLAN. The APs is not patched just cabled with cables from the nearest jacket or the commsroom "50meter cabling " in some cases !
